

Administering Medication Waiver

Puppy Salon will administer medication to your pet. Pill and liquid form medication can be administered. All medications must come in the original bottle from your vet. If your pet is aggressive during the medication process we reserve the right to refuse administering medication to your pet. If your pet requires a pill pocket or any other item to take medication, you the owner must provide the items. (Ex. Cheese, peanut butter)

Puppy Salon will administer insulin injections. All needles must be prefilled with necessary dosage amount for each injection. (Used needles will be returned to customer)

By signing this form you or your representative agree not to hold Puppy Salon responsible for any adverse effects to your pet as a result of medication administering while in the care of Puppy Salon.

By signing this form, you acknowledge that you understand and accept the terms and conditions set forth by this agreement.
